Dear Old and New Friends

We herald in summer on the East Coast with wonderful dolphin sightings, sumptuous Sunday breakfasts and long, lazy walks on the beach.

I have returned to South Africa, after spending five years in Dubai, and am delighted to be at the Beverly Hills and KwaZulu-Natal.

I look forward to meeting you and, together with my dedicated team, assure you of our commitment to meet your expectations.

I have arrived at a very exciting time as KwaZulu-Natal prepares to welcome the world, as she hosts the COP 17 Climate Change Conference. We have achieved gold certification from Heritage Rating Programme and I, together with my team, are committed to making a contribution to the environment and will keep you updated with Beverly Hills achievements in 'going green'.

I am constantly reminded of how quickly time passes & this edition features information on year end celebrations. It would be our privilege to meet with you personally to discuss your year-end functions, ensuring each event is a special celebration!

On behalf of the Beverly Hills family, may I take this opportunity to wish you a wonderful festive season and a new year filled with health and happiness.

kindest regards

We, at the Beverly Hills, are passionate about the environment and we are proud of our achievements thus far on our journey toward 'going green'. **Did you know?** Meat production creates more carbon emissions (17%) than all the transport on earth (11%), including, planes, trains cars and ships? We support 'Meat Free Monday'.

Flavour of the Month

The hotel kitchen is abuzz with excitement at the return of our new Executive Chef, Gerard Van Staden, who recently relocated from Franschoek.

Gerard is married to Jo, who is also a very capable chef, and they have 2 delightful girls, Hannah aged 12 years and Eden Chloe aged 6 years.

Experimenting with food remains a passionate hobby for Gerard but he includes chess, fly fishing and golf (when time permits) among his other interests. Gerard is an avid rugby fan, supporting the Springboks and the Blue Bulls... something that will have to change now that he's settled in KwaZulu-Natal!

His philosophy for good food is simply lots of little things done really well.
